

Account Help Guide

NovaTech Solutions — Customer Success

Version	v2.0	Effective Date	2025-02-10
Department	Customer Operations	Last Review	2025-03-01

1. Account Setup

1.1 Creating an Account

- Visit novatech.io/signup and enter your email, full name, and password.
- Verify your email address via the link sent within 5 minutes.
- Complete your profile: company name, phone number, and timezone.
- Select a plan or start with the 14-day free trial (no credit card required).

1.2 Inviting Team Members

Go to Settings > Team > Invite Members. Enter email addresses and assign roles:

Role	Permissions	Billing Access
Owner	Full access, delete account	Yes
Admin	Full access, cannot delete account	Yes
Developer	API keys, webhooks, technical settings	No
Billing Manager	Invoices, payment methods, plan management	Yes
Member	Product use only	No
Viewer	Read-only access	No

2. Profile & Security Settings

2.1 Updating Profile Information

Navigate to Settings > Profile. Name, phone, and timezone can be updated freely. Email address changes require re-verification via a confirmation link sent to the new address. Password changes log out all other active sessions.

2.2 Enabling Two-Factor Authentication

- Go to Settings > Security > Two-Factor Authentication > Enable.
- Scan the QR code with an authenticator app (Google Authenticator, Authy).

- Enter the 6-digit code to confirm setup.
- Save the 10 backup codes in a secure location.
- 2FA is mandatory for Admin and Owner roles on Enterprise plans.

2.3 Active Sessions Management

View all active sessions at Settings > Security > Sessions. Revoke any session that you do not recognize. If you suspect unauthorized access, use 'Sign Out All Devices' immediately and change your password.

3. Subscription Management

3.1 Upgrading Your Plan

Go to Settings > Subscription > Change Plan. Upgrades take effect immediately. The price difference for the remaining days of the current cycle is charged on upgrade. All plan features become available instantly after upgrade.

3.2 Downgrading Your Plan

Downgrades take effect at the start of the next billing cycle. During the remaining current cycle, you retain access to current plan features. If usage exceeds the lower plan's limits, a grace period of 7 days is provided before enforcement.

3.3 Plan Comparison

Feature	Basic	Pro	Enterprise
API Calls/day	5,000	50,000	Unlimited
Team Members	3	20	Unlimited
Storage	5 GB	100 GB	Custom
Support Level	Email (48h)	Priority (4h)	Dedicated CSM
SLA Uptime	99.5%	99.9%	99.99%
Custom Domain	No	Yes	Yes
Audit Logs	No	30 days	365 days

4. Data Export & Account Deletion

4.1 Exporting Your Data

Go to Settings > Data > Export All Data. The export includes: all account activity, API usage logs, billing history, team member data, and all content/files stored in the platform. The export is delivered as a ZIP file via email within 24 hours.

4.2 Account Deletion

Only the Account Owner can delete the account. Go to Settings > Danger Zone > Delete Account. You must export data before deletion — this cannot be undone. Billing is stopped immediately. Data is permanently purged after 30 days.
